Edgerton Towne Country Club COVID-19 Statement

Edgerton Towne Country Club is back open after recent closures due to COVID-19. As of Monday, September 28, the golf course is back open with the following health and safety protocols in place:

- The clubhouse is closed, and we will not be selling anything out of the bar or pro shop at this time.
- We will be open to only members for the time being. Members are allowed to bring guests and guest fees must be pre-paid over the phone with a credit card.
- Our hours will be from 8:00 a.m. - 6:00 p.m., meaning all club carts must be back by 6:00 p.m.
- There will be no tee times and starting will be on a first come first serve basis.
- Additional cleaning measures will remain in place.

Our top priority is the health and safety of members, customers, and staff. While we regret to make these changes, these measures and protocols will ensure we can stay open to finish out the golf season for 2020.

Thank you for your patience and understanding and we look forward to seeing you in the coming weeks.
